

**International Trade, Logistics, and Shipping Management
Associate of Arts with ladderized Diploma Programs --Africa Region
Akamai University**

Entry qualifications

As an applicant, students must clearly demonstrate proficiency in written and verbal English language communication skills according to collegiate standards. All students must have completed secondary school and have a verified high school diploma. Subsequent levels of study must demonstrate satisfactory completion of prior diplomas and other semester achievements. A sample of scholarly (or professional) writing and a telephone communication with a member of the University faculty are required elements of the admission process. International students with English as a second language or if prior college study was with non-English language colleges, applicants are required to submit a record of a recent TOEFL examination with a 550 score or above.

- Must be capable of college level English communication verbal and written achievement.
- Must attend average of 3 classroom contact hours and 6 hours of homework per week
- Residential delivery via classroom instruction, discussion, projects and examinations
- The examining body is the Akamai faculty team in Ghana
- The certificate is awarded by Akamai University
